Sir:

Applicant thanks Mr. Fleming for speaking with the undersigned today.

In response to the Dismissal (mailed 31 March 2003) of applicant's 30 July 2002 "Petition to Reset Mail Date of Notification of Missing Requirements and Retransmittal of Request to Reset Mail Date of Notification of Missing Requirements" Applicant renews its petition to reset the mail date of the Notification of Missing Requirements mailed on February 7, 2002. The Notification was not received by the undersigned's firm until Examiner Alvarado faxed it to the undersigned on May 29, 2002.

(1) As stated in the original petition, the Office action was not received.

(2) Applicant further attests that a search of the file jacket indicates that the Office action was not received. Consistent with this, Applicant's original petition included a copy of the cover sheet of the file jacket showing no entry for the Notification of Missing Requirements.

(3) Applicant's counsel attests that a search of counsel's docket records indicates the Office action was not received.

(4) Applicant accompanies this petition with a copy of the docket record where the non-received Office action would have been entered had it been received and docketed (EXHIBIT A). The Office action was mailed February 7, 2002, and the due date was two months from the day of the Office action (April 7, 2002). Thus, EXHIBIT A is a copy of the firm's computer docket report

showing all replies docketed for April 7, 2002, namely the date two months from the mail date of the non-received Office action, and it is submitted as documentary proof of nonreceipt of the Office action.

EXHIBIT A corroborates the computer docket system record for this particular application previously attached to the original Petition. The previously supplied record would have shown if any date had been docketed for this case for responding to the Notification of Missing Requirements.

On 30 July 2002, Applicant concurrently filed a Response to the Notification of Missing Requirements with a Petition for Extension of Response Time, Declaration and Assignment. If the present petition is granted, Applicant requests a refund of the fee for the extension of time, and the fee for this petition, be credited to the undersigned's firm Deposit Account No. 19-4375.

Respectfully submitted,
